

# EDUCATIONAL RESOURCES

FOR UAW REGION 2B LEADERS

## UAW Education Department Workshop Catalog

The UAW Education Department Workshop Catalog provides a description of all courses available to local unions and their members. Courses are organized into sections based on their intended audience: Building Our Union (all members), Standing Together (standing committees), and Leading for Change (leadership).

Click [here](#) to view/download/print the [UAW Education Department Workshop Catalog](#) or go to [region2b.uaw.org/education-0](http://region2b.uaw.org/education-0)

## Education & Training Needs

If you are in need of in-person or online training for your members, including assistance in getting your local union Education Committees (and other standing committees) up and running effectively, your Region 2B Servicing Representative and the Region 2B Education Representative are available to assist you.

Contact your Regional Servicing Representative and they will connect you with the Region 2B Education Representative who can assist you in identifying and meeting your training needs.

## UAW Region 2B Online Academy

In 2020, UAW Region 2B launched our union's first-ever Online Academy to great success. In recent months, the UAW's National Education Department has been working to update this web-based educational tool where members can log in and learn about their union at their own pace and on their own schedule.

We know that there is much anticipation for the return of the online classes, and we will provide more details about this exciting update as they become available.

# EDUCATIONAL RESOURCES

FOR UAW REGION 2B LEADERS

## Effective Educator Program

The UAW Effective Educator Program serves to cultivate member educators at the local union level who can provide consistent and ongoing training to their respective memberships. Upon completion of the Effective Educator Workshop, which is a presentation skills training, members will be granted access to UAW Curriculum Kits for 8 specific workshops that they can then teach to their membership, with the permission of their local union President. Contact your Servicing Rep./Education Rep. for more info.

## UAW Supply Catalog

In addition to the curricula provided by the Education Department, there are publications available to you. Many of these publications serve as handouts for the workshops you will offer. For a list of publications that are available, please click [here](#) or go to <https://tinyurl.com/2022uawsupplycatalog> to review the [UAW Supply Catalog](#). Expenditures for orders should be approved in typical manner and must be placed via LUIS. All orders must be approved by the Local Union President or Financial Secretary.

## Constitutional Language Regarding Education

Article 16 of the UAW Constitution speaks to the allocation of initiation fees and dues toward educational purposes.

Section 1 - “Five dollars (\$5.00) [of each initiation fee] shall be set aside in the Local Union’s new member orientation fund, to be expended with the approval of the Regional Director.”

Section 9 - “Three cents (.03) of each month’s dues payment must be set aside by the Local Union as a special fund to be used only for educational or recreation-leisure time activities as outlined in Article 27 of this Constitution, provided that two cents (.02) shall be apportioned to education and one cent (.01) apportioned to recreation-leisure time activities.”
